

**TAKING INDIA'S
FINEST KNITWEAR
TO THE WORLD**

ABOUT US

*R*AFT Garments is a forward-thinking knitwear manufacturer based in Tamil Nadu State, in Tirupur, famously known as the "Knitwear Capital of India," located in Tamil Nadu. With a legacy spanning over 40 years, RAFT is a proud second-generation company committed to excellence in the design, manufacturing, and export of premium innerwear and outerwear. Rooted in quality and innovation, we blend the richness of Indian textile heritage with cutting-edge global fashion trends. Our journey, now helmed by Mr. Siva Subramaniam, reflects a vision to deliver uncompromising quality while championing sustainability and ethical practices. Today, RAFT operates as a partnership firm and serves renowned brands across Europe, the United States, and India from our state-of-the-art facility in Netaji Apparel Park.

Our Mission

At RAFT, our mission is to craft knitwear that delivers style, comfort, and sustainability. We aspire to be a leader in responsible fashion by creating garments that are inclusive, environmentally conscious, and meticulously crafted. We are passionate about transforming ideas into tangible products that make people look and feel good.

Our Vision

Our vision is to become a globally recognized leader in sustainable knitwear manufacturing. We aspire to build long-term, value-driven relationships with brands that share our commitment to quality, integrity, and innovation. We believe in growing responsibly, staying agile, and continuously improving.

Core Values

1. We are dedicated to deliver highest products that surpass the known standards of quality, ensuring customer satisfaction and loyalty.
2. We promote a culture of innovation, encourage creativity and experimentation to stay ahead of the curve in an ever-evolving textile industry.
3. We prioritize sustainability in our operations, reducing our environmental footprint and promoting responsible practices throughout our supply chain.
4. Our customers are always at the forefront, understanding their needs and delivering tailor-made solutions for them matter.
5. Integrity guides our activity, transparency, building trust with our stakeholders with accountability, and contributing to the society.

What We Offer

RAFT Garments is dedicated to creating products that deliver functionality and fashion in equal measure. Our product range is designed to cater to modern lifestyles, where comfort and aesthetics go hand in hand. We specialize in both innerwear and outerwear, offering garments that seamlessly integrate into daily wardrobes. From the foundational layer of intimate wear to versatile casual outerwear, our creations are rooted in thoughtful design and impeccable execution.

Our knitwear is available in a variety of styles, textures, and finishes to suit diverse market needs. We cater to international and domestic brands looking for a reliable partner with strong production capabilities and a commitment to quality. Our specialization in NOOS (Never Out of Stock) programs ensures dependable delivery cycles and consistent product availability.

Our Strengths in Product Design

Design at RAFT is guided by one key principle: people first. We create garments that are inclusive, adaptable, and long-lasting. Each piece is developed to provide the perfect balance of comfort and confidence. Our design team continuously explores global fashion trends and technical advancements in textiles to deliver styles that appeal across cultures and markets.

Our collections are tailored to suit varied consumer profiles, ensuring comfort using stretchable fabrics, clean stitching, and breathable weaves. Every cut and contour are considered to flatter the wearer while maintaining ease of movement. Through rigorous prototyping and sampling, we ensure design accuracy and fit consistency across product lines.

Target Market

RAFT Garments works with premium apparel brands and retailers that demand high standards in product quality and service. Our clientele primarily includes brands from Europe, the United States, and India. These brands value our ability to produce high-volume orders with consistent quality, as well as our flexibility in handling custom requirements.

We cater to fashion labels looking for long-term partnerships in NOOS and seasonal ranges. Our clients include those launching new product lines, expanding into sustainable apparel, or seeking manufacturing partners with scalable infrastructure. We align closely with each brand's identity and goals, acting as an extension of their design and supply chain teams.

Design Philosophy

At RAFT, design is not merely about aesthetics; it is about purpose. Our design philosophy rests on the pillars of inclusivity, functionality, and sustainability. We believe clothing should empower people, celebrate diversity, and respond to the practical demands of everyday life. Every design we produce goes through a user-centric process—starting from ideation to final output—with comfort and usability as top priorities.

We embrace minimalism and smart design thinking to produce garments that are stylish yet timeless. Sustainability forms our material choices, and we regularly experiment with new fabrics and treatments to reduce environmental impact without compromising performance.

MANUFACTURING & MACHINERY

Infrastructure That Powers Quality

Our production facility in Tirupur is the heart of our operations. It is equipped with advanced, precision-driven machinery that enables us to maintain high production standards across varied product lines. We integrate technology with skilled craftsmanship to ensure every garment meets global quality benchmarks. The facility is built for scale, flexibility, and speed—allowing us to fulfil both large-volume and niche orders with equal efficiency.

Fabric Spreading & Cutting

Highly advanced, fully automated machines form the backbone of the spreading and cutting process. Globally renowned fully automated Italian machines, integrated with CAD and CAM software, enable fabric to be cut with pinpoint accuracy, significantly reducing material waste and enhancing efficiency. With two spreaders and one auto cutter, the system is optimized for both speed and consistency. The setup supports a daily cutting capacity that contributes to an annual output of up to 15 million pieces, covering both inner and outer garments.

Elastic Weaving Division

We operate 14 Jacquard and solid weaving looms built on German design technology, recognized globally for excellence in narrow fabric innovation. These machines can weave up to 25,000 meters of elastic per day, supporting both functional and aesthetic garment features. The process is further enhanced with a state-of-the-art heat-setting machine, enabling the production of shrink-controlled elastic with an annual capacity of 10 million pieces per annum, ensuring superior stability and long-lasting durability.

Sewing & Assembly Lines

Our sewing lines are equipped with a specialized array of machines designed to handle the unique requirements of both innerwear and outerwear. Skilled operators ensure seamless garment construction, precise stitching, and exceptional finishing. In-house processes allow for stringent quality control, faster turnaround times, and the flexibility to manage complex or custom production that needs efficiently.

STRENGTHS, REACH & FUTURE PLANS

What Sets Us Apart

RAFT Garments stands out in a crowded marketplace because of our holistic approach to garment manufacturing. We offer more than just products; we offer peace of mind to our clients by combining quality, reliability, and adaptability. Our investments in technology, workforce training, and sustainable practices have helped us build strong and lasting relationships with globally reputed fashion brands.

Our strengths are anchored in a few key pillars. First, our commitment to quality is unwavering. We perform multiple quality checks at every stage of production. Second, our processes are aligned with the latest trends in eco-conscious apparel. Third, we foster a collaborative culture with our clients, enabling responsive and personalized service.

Current Reach

Our customer base spans across Europe, the United States, and India. These regions continue to be strong markets due to their demand for ethically produced, high-quality knitwear. Our clients include both established brands and fast-growing start-ups, each receiving dedicated support from our merchandising and production teams.

Financial Overview

RAFT is a financially strong and self-funded company with an exceptional connections with institutional assistance whenever there is a need. Backed by robust financial planning, the company continues to follow a healthy growth trajectory.

Opportunities for Growth

We are actively expanding our global footprint. As a quality-conscious company with strong adherence to international standards, our focus areas include entering new regions through strategic partnerships, offering private label manufacturing, and launching performance-based product innovations. The growing e-commerce sector presents further opportunities to collaborate with digital-first apparel brands. We are also investing in R&D for smart textiles and eco-friendly materials - innovations that will help us stay ahead of industry trends and meet the rising demand for sustainable fashion.

Sustainability & Social Responsibility

RAFT is committed to reducing its environmental impact by sourcing eco-friendly fabrics and optimizing production processes to minimize waste. We uphold ethical labor practices and ensure a safe, inclusive workplace for all employees. Guided by a deep sense of responsibility and commitment, we pride ourselves not only on timely delivery but also on building lasting partnerships grounded in trust. Beyond our operations, we strive to create a positive social impact by supporting local initiatives and skill development programs within our community.

Powered by a Passionate Team

Our team is a dynamic blend of experienced young professionals with, growth-oriented talent. This new generation brings fresh perspectives, agility, and a strong drive for innovation across all functions. With a collaborative work culture and a shared commitment to quality and excellence, the team continually pushes boundaries to deliver world-class products.

PARTNER WITH US

Let's Build Something Lasting

At RAFT Garments, we see our clients as partners in progress. Whether you are a global brand or an emerging label, we are ready to support your journey with dependable manufacturing, expert design input, and unmatched service quality.
